Petition to Revive Unintentionally Abandoned Application – 37 CFR 1.137(b)/1.17(m)

Applicant herein respectfully petitions for revival of the above-identified application, which was unintentionally abandoned. The circumstances involve a timely-filed response to a Notice to File Missing Parts, which the Patent Office received and apparently lost. However, owing to circumstances associated with the merger of patent department dockets following the merger of Pharmacia & Upjohn Company into Pfizer Inc, which occurred at about the time the Patent Office subsequently issued a Notice of Abandonment herein, there is also involved a substantial period of time of unintentional delay which is the responsibility of the Applicant. Therefore, the \$1500 fee under 37 CFR 1.137(b)/1/17(m) is tendered and revival is respectfully requested.

Copies of the following documents are attached:

1. Notice to File Missing Parts mailed March 22, 2004;
2. Notice of Abandonment, mailed March 10, 2005 (printed from PAIR);
3. Response to Missing Parts, timely mailed May 24, 2004 including
Transmittal Form,
Fee Transmittal,
Executed Declaration, and
Communication in regard of Sequence Listing.
4. Applicant's Mailing Postcard stamped received by the PTO on May 27, 2004.
5. A docket printout generated December 6, 2005 for the present matter.

Doc 255535

12/13/2005 EFLDRES 00000029 161445 10717244

01 FC:1453 1500.00 DA

Upon reasonable and diligent investigation, the pertinent facts are as follows.

As evidenced by item 5 above (Applicant's date stamped return postcard), the presumption clearly arises that Applicant's response to the Notice to File Missing Parts was timely received by the Patent Office and somehow lost. However, based upon the timely receipt back to Applicant of the postcard, Applicant would have had no immediate way of knowing that its submitted papers had been lost, and the first reasonable notice of a problem would have been receipt of the Notice of Abandonment mailed **March 10, 2005**.

As is evident from the face of the Notice of Abandonment, this document was properly mailed to the Law Department of Pharmacia & Upjohn in Kalamazoo, Michigan, the owner of the application in question. However, as a result of the aforementioned merger of Pharmacia & Upjohn into Pfizer, Inc., in 2003, and necessary intellectual property realignments, responsibility for prosecuting the present application had been transferred to the legal department of Pfizer, Inc. at its New York City headquarters.

However, the issue of the apparent abandonment of the present application was only discovered by the undersigned on **December 6, 2005** while performing an audit of the entire company patent estate in regard of Alzheimer's disease-related applications, and in order to investigate why no Official Action on the Merits had ever been received in regard of this application.

As a result of the corporate merger between the companies, it appears that prosecutorial responsibility was transferred from our Kalamazoo Legal Department to our New York Legal Department after the Notice of Missing Parts had been responded to, but before the Notice of Abandonment was issued. However, there was no obvious reason for the New York Legal Department to believe that anything was amiss.

It also reasonably appears that upon receipt of the Notice of Abandonment in the Kalamazoo Legal Department, presumably soon after its mailing date of March 10, 2005, somehow, the existence of the Notice of Abandonment was not called to the attention of the New York Legal Department. This must have resulted from simple clerical error.

On December 6, 2005, the undersigned attorney requested that our docketing computer run its records in regard of this application. Upon punching in the present application's docket number, absolutely no due dates were retrieved. In this regard, a copy of the resultant printout is attached (item 5, as numbered above). This reasonably indicates that, for whatever reason, a clerical error was made in our Kalamazoo facility that prevented timely transmittal of the Notice of Abandonment to our New York facility, otherwise a due date would have been entered into our docketing system. It is also possible, of course, that a copy of the Notice was sent from our Kalamazoo facility to our New York City facility, but became lost in the mail, or became lost within our New York Offices upon arrival, but this cannot be definitively established. In any case, the delay is purely clerical, and was unintentional.

Therefore, pursuant to 37 CFR 1.137(b)(3), the undersigned attorney hereby certifies that he has investigated all of the surrounding facts and confirms that the entire delay, from the mailing of the Notice of Abandonment on March 10, 2005 until the filing of the present Petition was **unintentional**.

Pursuant to 37CFR 1.137(d), no Terminal Disclaimer is needed since the present application was filed after June 8, 1995.

The Petition Fee of \$1,500.00, 37 CFR 1.17(m), or any other needed fee or fee amount, should be charged to Applicant's Deposit Account, No. 16-1445, and any additional fees that the Patent Office determines are needed in connection with this Petition (such as for a Petition for Extension of Time, if any) may also be charged to this Deposit Account.

The undersigned also notes that the Notice to File Missing Parts included a request to provide a replacement Sequence Listing -- because it apparently contained errors or was otherwise non-compliant, and also that a certification of identify with the paper copy thereof was not provided. However, in Applicant's Communication of May 24, 2004 (submitted with the response to the Notice to File Missing Parts, copy included herewith), it was noted that the PTO had not, in fact, included the "Raw Sequence Listing Marked-Up Copy" with the Notice, thereby to explain what the supposed errors referred to actually were. A superficial inspection of the file copy of the Sequence Listing has not evidenced any obvious problems, and therefore it is suggested that any such issues can be immediately resolved as soon as the case is returned to active status.

An early and favorable action is respectfully requested.

Respectfully submitted,

Date: December 07, 2005
